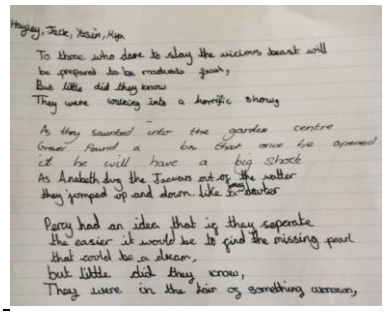
Griffin Highlights 2018-2019

Green screen role play (Percy Jackson, museum scene)



To those who dare to play the wicions beast will
be prepared to be rewarded great,
But little did they know
They were walking into a horrific showy

As they sauntered into the garden centre
Grace found a box that once he opened
it he will have a big shock
As Anabeth dug the Jacuzzi out of the water
they jumped up and down like Jumper

Percy had an idea that if they separate
the easier it would be to find the missing pearl
that could be a dream,
but little did they know,
They were in the fair of something unknown,
