

# Pixie Class

19.03.2019

Doesn't time fly! Over half way through the year and coming up to Easter.

Our topic for this half-term has been Space. We have investigated many areas including our Solar System, space travel and aliens stealing underpants.

We are continuing with Phase 2 phonics at a pace, and spending more time mark making and forming letters.

In Maths, we are continuing to work with number, shape, pattern and measure. Our number knowledge is expanding, we are moving on to 3D shapes and

As always there are still plenty of opportunities to build, paint, make believe and sing, as well as build on our friendships.

Thank you for all your support.
