

Gremlin Class 2021-2022:

End of Year Review!

The children have had an amazing year and should be incredibly proud of all that they have achieved during their time in Gremlin Class. It has been an absolute joy to watch the children flourish both as individuals and as independent learners. They will be missed by us in Gremlin class and we wish them all the best for Year Two!

Maths

The children have worked really hard in their maths learning this year and have shown resilience and determination when it comes to tackling challenging tasks and have kept on moving forward. The children have made excellent progress in their independent learning skills and I know that this will continue in Year Two! Well done Gremlin Class!

Literacy

This year, we have been so blown away by the hard work and determination the children have shown in their literacy lessons. The children's development in their attitude towards writing and their growth mind-set has really improved this year and we could not be prouder of all that they have accomplished. The children have learnt about nouns, adjectives and verbs and are starting to write short stories independently, in addition to beginning to include the correct punctuation. We cannot wait to read the work that they produce in Year Two!

Oxford Gardens first opened in 1894. There are 300 children in the school. Oxford Gardens is a primary school and there are over a 300 age between 3-11 and 40 teachers.

interesting wonderful exciting lively incredible comfortable

The uniform is blue and yellow. Oxford Gardens was built over 100 years ago! Miss Cooper joined in 1997 and it began

Sophie slowly opened the door and a tiger came into the kitchen. He ate all of the buns on the plate. The tiger ate everything. He went. There was nothing for today. Sophie found out she couldn't have a shower.

Yesterday I flew over the humid, dry desert and I saw three lazy, crazy camels. Last night I saw swilling, snowy mountains above. This morning I flew above the dark deep sea and saw six dolphins leaping in the ocean. I felt exhausted and proud of myself!

Amelia Earhart dared to dream: First woman to fly in solo!

A girl had a dream to fly in a red-shiny plane. She took off and flew high up in the sky. People thought she was strong and brave.

After being inspired by Martin Luther King Jr, the children wrote their own speeches, sharing their hopes for themselves, their school and the planet. Here were some of their wonderful thoughts:

I have a dream...

Harper

my dream for the world is that people stop polluting.

Gremlin Class

We have a dream that our school becomes greener and we don't eat meat at school

Anya

To be a leader and teach people how to be kind

Hugo

wants every one to learn there best and have fun in play time

Balqis

My dream is to be a gymnast teacher.

Yousif

I want this school to be the best it can be!

Freddie

I have a dream to become a Policeman and make the world a fairer place

Orla

I want to help animals to feel better.

Aaliyah

Our dream is to recycle and be healthy to live in a better planet.

Fatima

wants to be a dance teacher

Aina

When I am older I want to become a vet!

Meilani

My dream is to be a teacher.

Secondly, I dream for my school all the children in the school learn their best and they have fun

to day I am here because I would like to share my dream I dream to be a top ceo/because I want to be rich!

World Book Day

The children in Gremlin Class have made amazing progress with their reading and phonics this year and have shown a passion for a range of different books which we hope continues throughout the school!

IPC

The children have really enjoyed the science, geography, art, DT and history topics they have learnt about this year. We have been so impressed by the children's knowledge and understanding of these topics, and their enthusiasm for asking additional questions about the people and places we have been learning about. We thoroughly enjoyed making the videos (e.g. 'Our Transport Museum', 'International Day', and 'A trip to Kenya') for the children to enhance their learning experiences. It is lovely to know that the children will have these videos to look back on throughout their school career!

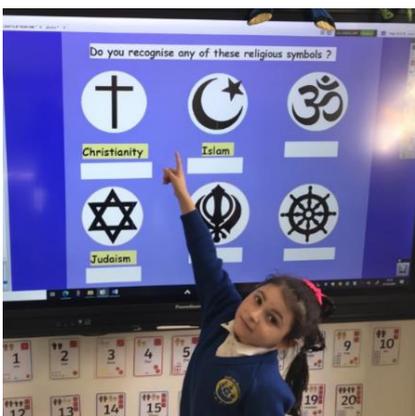

The children were excited to share their work

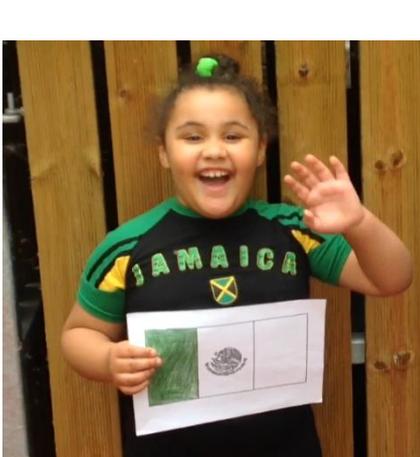

RE Day

The children were fantastic in their Year One Assembly this year and we cannot wait to see the brilliant performances that they put on in Year Two!

International Day

Sports Day

Gremlin Class have had a brilliant year of PE, learning new skills and working as a team. Sports day this year was a fantastic day that the children thoroughly enjoyed! They took part in throwing the javelin, participating in relay races, doing the long jump and practising their basketball and tennis skills. What a fantastic year they have had!
