

Pixie Class

25.04.2023

The Summer Term has started well, with the children being enthusiastic and engaged in their learning. We look forward to consolidate the learning from the last 2 terms and prepare the children for Reception next year.

Our topic this half term is 'Leaders and Explorers'. For the first week back we focused on the Frozen Worlds of the Arctic and Antarctica, looking at the climate, animals and plant life of these regions. This week we are focusing on the Jungle, especially looking at tigers, monkeys and crocodiles!

In Literacy, this term we will be focusing more on the comprehension of the stories we read, looking at how the stories unfold and looking more closely at the information contained in each page that build up the stories. We will also look more at the structure of the story, and how books are laid out.

In Maths, we are continuing to focus strongly on number especially recognising numerals and understanding amounts. We are also introducing addition of simple numbers and using symbols '+' and '='.

Thank you for all your support so far this year. We are very happy with the children's progress and look forward to supporting the children to reach their full potential going into Reception. Regards, The Nursery Team.
