

Fulham Palace Trip 6.3.19

To further our knowledge of Romans Year 5 were lucky enough to visit Fulham Palace Museum on Wednesday 6th March 2019.

First we explored the Roman artefacts that were found on the site of Fulham Palace. We pretended to be archaeologists and used our skills of inference to deduce what the ranges of objects were and what they could tell us about the Romans and their time period.

The children then went on to try on some Roman clothes and role play the various characters in a typical Roman villa. This ranged from retired soldiers at the bath house; slaves in the kitchen and the owners on the beautiful veranda.
